See below for parking instructions:

You may park in the South Garage, which is located above ground directly behind One Harbour Place. If you drive pass our building and make a right at the 4-way stop, you will see it on your right-hand side. When you pull into the garage, you will see a ticket machine on your left – -please take a ticket and bring it with you to our suite. At the end of your visit, present your ticket to the front desk so we can validate it with our parking stamps. Please note, you may park anywhere in the garage that is not marked as “Reserved” by another tenant.
